"There is no such thing as bad weather, only inappropriate clothing"
Roald Amundsen

This catalogue has been put together for Adventure Consultants clients. If you are preparing for a trip or expedition, or just want to update your old kit, we are happy to source equipment for you. If there is something specific that you would like that is not in this catalogue, please ask because it is likely that we can source it for you and provide you with a great price.

Our catalogue was designed in conjunction with our trip equipment notes. If you would like more detailed information on a product, along with the most up to date colour options just click on the website link provided with the item of interest.

If you have any equipment questions at all, please feel free to contact our Equipment Co-ordinator, Aaron Whitehead at our Wanaka Office. He is always happy to assist.

Ordering
Please browse through this catalogue, and then either fill out the order form on the back page or email a list of the items you require to either your Client Liaison or the Equipment Co-ordinator.

We do not generally hold stock of the items in this catalogue. Your equipment will be ordered directly from our suppliers. This means it is important to choose the right size, colour, etc., as we cannot return equipment bought in error.

Because everything is specially ordered from our suppliers, we require a minimum of 2 ½ weeks to source and secure products. All prices listed in this catalogue are recommended retail in New Zealand Dollars*.

We give discount on all non-AC branded equipment—the amount depends on how much you order. Please contact us for a quote.

* Prices are subject to change without notice, as suppliers update their pricing.

Freight
Freight for your order will be charged as a separate cost. Once you have ordered and paid for your equipment, we will then source it from our suppliers, and then consolidate your order at our office. Once we have consolidated the order, we will then pass on the price of your preferred delivery service and send the goods to you once we’ve received payment.

You have the choice of the following freight options:

New Zealand Freight Options:
• ParcelPost.
• Tracked Courier.
• Tracked Courier with Signature.

International Freight Options:
• International Air—Untracked service, 3–10 working day delivery.
• International Courier—Tracked service, 2–6 working day delivery, signature required on delivery.
• International Express Courier—Tracked service, 1–5 working day delivery, signature required on delivery.

Payment Options
We offer payment either by credit card or via bank transfer. The Equipment Co-ordinator will send you the appropriate payment details once your order has been confirmed.

Petzl Sum’tec Axe or Hammer

Key Features:
- ICE pick is tapered at the tip for easy penetration in any ice
- The TRIGREST handrest allows the position of the hand or the index finger to be adjusted into climbing mode quickly and without tools
- shaft has steel spike for solid support in piolet-canne mode
- Completely modular ice axe - interchangeable picks adapt to different objectives, adze and hammer are interchangeable

Weight: 470g
Rating: Pick B-rated, Shaft T-rated
Sizes: 55cm

RECOMMENDED RETAIL PRICE $395

Petzl Summit Evo

Key Features:
- Lightweight for classic mountaineering.
- Hydro formed aluminium handle for good grip at the curve, plus extra clearance under the head for more technical terrain.
- Hot forged head and pick for solid anchoring.

Weight: 400g (52cm)
Rating: CEN-B rated
Sizes: 52cm, 59cm, 66cm

RECOMMENDED RETAIL PRICE $349

Grivel Air Tech Evo Axe or Hammer

Key Features:
- Axe head is hot forged from a single piece of steel.
- The shaft’s gentle curve below the head gives greater clearance.
- The most advanced axe technology, all in less than 500 grams.

Weight: 473g
Shaft Rating: CE 1
Sizes: Axe 48cm, 52cm, 58cm, 66cm. Hammer 48cm, 53cm
http://www.grivel.com/products/ice_axes/85-air_tech_evo_g-bone

RECOMMENDED RETAIL PRICE $330

Black Diamond Venom Axe or Hammer

Key Features:
- The ultimate hybrid axe for technical couloirs and rugged alpine terrain.
- Curved upper shaft provides added clearance on technical terrain.
- Traditional spike provides smooth plunging on the uphill.
- Dual density grip and lock down leash provide added security.

Weight: Hammer 517g and Adze 514g (50cm)
Sizes: Axe 50cm, 57cm, 64cm. Hammer 50cm, 57cm

RECOMMENDED RETAIL PRICE $300
Petzl Summit

Key Features:
- Lightweight for classic mountaineering.
- Hydro formed aluminium handle for good grip at the curve, plus extra clearance under the head for more technical terrain.
- Hot forged head and pick for solid anchoring.

Weight: 360g (52cm)
Rating: CEN-B rated
Sizes: 52cm, 59cm, 66cm

RECOMMENDED RETAIL PRICE $279

Black Diamond Raven Pro

Key Features:
- Lightweight for classic mountaineering.
- Aluminium shaft.
- Compact investment-cast stainless steel head and spike.
- Ergonomic head.

Weight: 362g (50cm)
Rating: CEN-B rated
Sizes: 50cm, 60cm, 65cm, 70cm, 75cm

RECOMMENDED RETAIL PRICE $185

Petzl Glacier

Key Features:
- Lightweight ice axe for glacier travel.
- High-quality aluminium shaft (7075 aluminium, used in aeronautics), with anodized finish for excellent rust protection.
- High-quality steel pick (identical to picks of technical ice axes) and adze with an edge designed for efficient cutting of steps.

Weight: 350g (60cm)
Shaft Rating: CE 1
Sizes: 60cm, 68cm, 75cm

RECOMMENDED RETAIL PRICE $185

Grivel G Zero

Key Features:
- The G-Zero is a very light ice axe for classical alpinism.
- One-piece head that provides maximum strength and minimal weight.
- The pick is Classical neutral with ergonomic design that remains comfortable after hours of climbing. The removable, insulating blade cover lets the user firmly grip the axe by the head without risk of injury. It also protects the hand from contact with cold metal.

Weight: 425g
Shaft Rating: CE 1
Sizes: 58cm, 66cm, 74cm

http://www.grivel.com/products/ice/ice_axes/78-g_zero

RECOMMENDED RETAIL PRICE $140
Black Diamond Cobra Axe or Hammer

Key Features:
- Lightweight carbon fibre shaft with greatest clearance of any BD tool.
- Balanced with weight in head for damp, accurate strikes.
- Laser Pick, Cobra Strike and Fang included, modular head design.
- Removable upper and lower pommels.

Weight: Hammer 588g and Adze 617g
Rating: [CEN-B Pick and CEN-T Shaft]
Size: 50cm

RECOMMENDED RETAIL PRICE $800

Petzl Nomic

Key Features:
- Ergonomic over-moulded handle offers multiple grip options. Adjustable handle length.
- Fully modular head for adapting the ice axe to the activity and context.
- Interchangeable ICE pick is tapered at the tip (3 mm).
- Serrated blade under the GRIPREST.

Weight: 605g
Rating: CE, UIAA
Size: 50cm

RECOMMENDED RETAIL PRICE $580

Black Diamond Fuel

Key Features:
- Lightweight shaft is hydroformed from a single piece of aluminium.
- Two-piece single-bolt head is compatible with all current BD picks.
- Dual-density adjustable pommel with removable, clippable spike.
- Offset upper grip for modern leashless climbing

Weight: 638g
Rating: Pick and Shaft T-rated
Size: 50cm

RECOMMENDED RETAIL PRICE $550

Petzl Quark Axe or Hammer

Key Features:
- Versatile tools for technical mountaineering and ice climbing.
- Clearance under the head and pick shape allow for efficient hooking.
- Comfortable powerful grip w/ hand rest.
- Modular head for versatility.

Weight: Hammer 550g and Adze 550g
Rating: Pick and Shaft T-rated
Size: 50cm

RECOMMENDED RETAIL PRICE $509
Grivel Light Machine Axe or Hammer

**Key Features:**
- All round performance for ice and technical mountaineering.
- Hydro formed aluminium shaft extends through the grip for maximum rigidity and responsive feel.
- Modular head allows for easy changing of picks and swapping between adze and hammer.

**Weight:** 555g
**Rating:** Pick and Shaft T-rated
**Size:** 50cm

http://www.grivel.com/products/ice/ice_axes/80-the_light_machine

- Hydro formed aluminium shaft extends through the grip for maximum rigidity and responsive feel.
- Modular head allows for easy changing of picks and swapping between adze and hammer.

**Weight:** Hammer 570g and Adze 595g
**Rating:** Pick and Shaft T-rated
**Size:** 50cm

http://www.blackdiamondequipment.com/en/ice-climbing-tools/viper-BD412085_cfg.html#start=4

RECOMMENDED RETAIL PRICE $400

Black Diamond Spinner Leash

This lightweight elastic tether system stretches for maximum reach and the steel mini-clips keep your tools securely connected to your harness. A built-in swivel ensures tangle-free climbing.

- Proprietary elastic webbing stretches for maximum reach and absorbs less water than nylon.
- Steel mini-clip attaches to the tool’s spike or head.
- Built-in swivel ensures tangle-free use.
- Rated to 2 kN.

RECOMMENDED RETAIL PRICE $100

Grivel Double Spring Leash

An elastic double sling system to avoid losing tools when climbing on rock or ice, solving the problem of modern climbing without a leash.

- The Double Spring is attached to the harness by looping it through the tape ring over the harness itself.
- The two ice axes are attached with 2 small carabiners to the holes on the spike (max 750kg) Leashes rated to 2kN.
- Permits easy changeovers of hands and tools.
- The two sections are so elastic that they don’t impede any movement and allow maximum arm extension when required.

http://www.grivel.com/products/ice/accessories/41-double_spring

RECOMMENDED RETAIL PRICE $90
Grivel G12

Key Features:
- Chromalloy steel spikes.
- Anti-balling plates to prevent snow build up.

12 Point
Fits Sizes: 36–47 (long bar required for sizes over EU 44)
Weight: 1040g

http://www.grivel.com/products/ice/crampons/5-g12

RECOMMENDED RETAIL PRICE $350

Black Diamond Sabretooth

Key Features:
- Stainless steel construction is durable, resists snowballing and won’t rust.
- Versatile horizontal front points and technical secondary points.
- Pro version accommodates boots with a toe welt. Clip version features flexible toe strap for boots without a toe welt.
- Includes front and rear dual-density ABS.

14 Points
Fits Sizes: EU 36–46 (long bar available for larger sized feet)
Weight: (Clip) 910g and (Pro) 890g

RECOMMENDED RETAIL PRICE $350

Petzl Vasak

Key Features:
- Ideal for general purpose mountaineering.
- Twelve points ensure maximum traction in all conditions.
- Two binding system options—Leverlock Universal or Flexlock.
- Anti-snow system to prevent snow build up.

12 Point
Fits Sizes: 36–50 EU
Weight: 810g (Flexlock) and 875g (Leverlock Universal)

RECOMMENDED RETAIL PRICE $349
Petzl Lynx

Key Features:
- Ideal for ice and mixed climbing.
- Interchangeable front points adapt to diverse activities.
- Leverlock Universal binding system.
- T-shaped front points provide excellent penetration on hard ice and comfort on mixed terrain, while providing solid purchase in snow.

14 Point
Fits Sizes: 36–50 EU boot sizes
Weight: 1000g

RECOMMENDED RETAIL PRICE $469

Grivel G14

Key Features:
- Ideal for technical mountaineering through to ice climbing.
- Secure Cramp-O-Matic system utilizing the C-O-M rear bale and lever.
- Chromalloy steel spikes.
- Anti-balling plates to prevent snow build up.

12 Point

RECOMMENDED RETAIL PRICE $400

Petzl Sarken

Key Features:
- Ideal for technical mountaineering through to ice climbing.
- Leverlock Universal binding system.
- T-shaped front points provide excellent penetration on hard ice and comfort on mixed terrain, while providing solid purchase in snow.

12 Point
Fits Sizes: 36–50 EU boot sizes
Weight: 870g to 905g depending on toe piece

RECOMMENDED RETAIL PRICE $399
**Petzl Sirocco**

**Key Features:**
- Hybrid construction with a shell in EPP (expanded polypropylene) foam and rigid crown injected with EPS (expanded polystyrene) foam.
- Excellent ventilation and air flow through strategic vents.
- Completely adjustable, thanks to the adjustable headband and chinstrap. Magnetic buckle facilitates fastening the chinstrap.
- Integrated clips for headlamp attachment.

**Sizes:** XS/S (48–56cm), S/L (53–61cm)

**Weight:** XS/S 160g, S/L 170g

**RECOMMENDED RETAIL PRICE $265**

**Black Diamond Vapor**

**Key Features:**
- Kevlar and carbon rods in between co-moulded EPS foam with a polycarbonate shell provide ultra-lightweight protection.
- Unparalleled airflow through multiple vents, plus headlamp clips.
- Ratchet adjustment for secure and comfortable fit that tucks away for compact storage.

**Sizes:** S/M (53–59cm), M/L (58–63cm)

**Weight:** S/M 186g, M/L 199g

**RECOMMENDED RETAIL PRICE $250**

**Petzl Meteor**

**Key Features:**
- Expanded polystyrene with a polycarbonate shell for ultra-lightweight protection.
- Excellent ventilation and air flow through strategic vents.
- Comfortable adjustment system that can be tucked away for compact storage.
- Integrated clips for headlamp attachment.

**Sizes:** XS/S (48–56cm), S/L (53–61cm)

**Weight:** XS/S 220g, S/L 220g

**RECOMMENDED RETAIL PRICE $250**

**Black Diamond Vector**

**Key Features:**
- Co-moulded EPS foam and a polycarbonate shell provide comfortable lightweight and full-coverage protection.
- Great ventilation.
- Ratchet adjustment for secure, comfortable fit.
- In-mould headlamp clips for ultra-secure attachment.

**Sizes:** S/M (53-59cm), M/L (58-63cm)

**Weight:** S/M 231g, M/L 240g

**RECOMMENDED RETAIL PRICE $180**
**Petzl Aquila (Unisex)**

**Key Features:**
- EndoFrame construction provides excellent weight distribution around the waist and legs to ensure greater comfort.
- Double back light buckles on the waist belt and leg loops ensure safety.
- Reinforced tie-in points in high-modulus polyethylene for improved resistance to wear from rope friction.
- Four equipment loops, two integrated CARITOOL tool holder slots and a rear loop for haul rope.

**Sizes:** S–XL  
**Weight:** 370g (Size Large)  

**RECOMMENDED RETAIL PRICE $260**

**Petzl Adjama (Men’s)**

**Key Features:**
- EndoFrame construction provides excellent weight distribution around the waist and legs to ensure greater comfort.
- Double back light buckles on the waist belt and leg loops ensure safety.
- Dyneema tie-in points for improved resistance to rope friction.

**Sizes:** S–XL  
**Weight:** 420g  

**RECOMMENDED RETAIL PRICE $200**

**Petzl Luna (Women’s)**

**Key Features:**
- EndoFrame construction provides excellent weight distribution around the waist and legs to ensure greater comfort.
- Double back light buckles on the waist belt and leg loops ensure safety.
- Dyneema tie-in points for improved resistance to rope friction.

**Sizes:** XS–L  
**Weight:** 390g  

**RECOMMENDED RETAIL PRICE $200**

**Petzl Altitude (Unisex)**

**Sizes:** WXS, WS, WM  
**Weight:** WXS 1.63kg, WS 1.69kg, WM 1.75kg  

**RECOMMENDED RETAIL PRICE $500**

The North Face Cobra 60

Built with expeditions and alpine guides in mind, the 60-liter Cobra technical pack is a fully featured workhorse that delivers superior performance in harsh mountain environments. From its intuitive ice tool and crampon storage to the load-hauling aluminium frame, this durable pack is built to go the distance.

**Volume:** S/M 57 litres, L/XL 60 litres  
**Sizes:** S/M, L/XL  
**Weight:** S/M 1,670g, L/XL 1,730g  
https://www.thenorthface.com/shop/cobra-60#hero=0

**RECOMMENDED RETAIL PRICE $500**
The North Face Phantom 50
Boasting all the things you need and none of the superfluous stuff you don’t, this pack maximises features whilst minimising weight, making it the go-to alpine pack.

Volume: 50 litres
Sizes: S/M, L/XL
Weight: S/M 1,077g, L/XL 1,134g
https://thenorthface.co.nz/product/phantom-50

RECOMMENDED RETAIL PRICE $400

Black Diamond Mission 75
Designed for big loads and big terrain, the Black Diamond Mission 75 is the expedition alpine pack optimized for high-altitude peaks and multi-week excursions.

Volume: S/M 73 litres, M/L 75 litres
Sizes: S/M, M/L
Weight: S/M 1.77kg, M/L 1.79kg

RECOMMENDED RETAIL PRICE $380

Black Diamond Speed 50
Fully strippable with a removable waist belt, lid and frame sheet, the Speed is comfortable on the approach and streamlined on the route. Ice tool PickPockets, snag-free crampon straps and a tuck-away rope strap secure gear to the outside, while the drawcord skirt provides easy access and keeps out spindrift and light precipitation.

Volume: S/M 48 litres, M/L 50 litres
Sizes: S/M, M/L
Weight: S/M 1.24kg and M/L 1.26kg

RECOMMENDED RETAIL PRICE $300

Osprey Mutant 52
Designed to carry specialized mountain gear, this pack can be easily stripped down to minimize weight for a summit push.

- Removable lid and hip belt with built-in gear loops.
- Ice tool attachments.
- Dual side wand/picket pockets.

Volume: S/M 49 litres, M/L 52 litres
Sizes: S/M, M/L
Weight: M/L 1.5kg, M/L 1.5kg

RECOMMENDED RETAIL PRICE $300
Petzl William

**Key Features:**
- Large size and opening allow easy anchoring of several ropes and slings.
- The wide pear shape facilitates belaying with a Munter hitch.
- Keylock system helps prevent snagging during manoeuvres.
- The red indicator provides a visual warning when the carabiner is unlocked.

**Weight:** 85g  
**Rated:** 27kN, 7kN

RECOMMENDED RETAIL PRICE $55

Black Diamond Rocklock Screwgate

**Key Features:**
- Black Diamond’s largest belay and rappel locker.
- Keylock nose which is Munter Hitch compatible.
- Available as a screw gate or twist lock—both can be operated with one hand.

**Weight:** 85g  
**Rated:** 24kN, 7kN

RECOMMENDED RETAIL PRICE $30

Petzl Spirit

**Key Features:**
- The H-shaped profile offers an improved strength/weight ratio.
- Wider contact surfaces for better rope glide and reduced wear on the carabiner.
- Available in two versions—straight gate and bent gate.

**Weight:** 39g  
**Rated:** 23kN, 8kN

RECOMMENDED RETAIL PRICE $29

Black Diamond Positron

Black Diamond’s classic keylock carabiner is available as a straight or bent gate. The Positron is a smooth operator for racking and placing stoppers, or clipping and cleaning bolts.

**Weight:** 49g  
**Rated:** 25kN, 8kN

RECOMMENDED RETAIL PRICE $22
**Petzl Reverso**

Ultralight multipurpose belay/rappel device with braking adapted to different rope diameters and suppleness. It accommodates most rope diameters: single rope 8.5 to 10.5 mm, half ropes 7.1 to 9.2 mm and twin ropes 6.9 to 9.2 mm. Reverso mode lets you belay one or two seconding climbers off an anchor.

**Weight:** 57g

**RECOMMENDED RETAIL PRICE $70**

**Black Diamond ATC-Guide**

Black Diamond’s most versatile belay/rappel device. Multiple friction modes provide the optimal amount of stopping power when lowering or rappelling, and the device’s guide mode lets you belay one or two seconding climbers off an anchor.

This featherweight belay/rappel device is optimized for ropes between 8.1 and 8.5 mm in diameter yet works with ropes from 6.9 to 9mm.

**Weight:** 73g

**RECOMMENDED RETAIL PRICE $60**

**Petzl Verso**

Petzl’s lightest belay/rappel device. It accommodates most rope diameters: single ropes 8.5 to 11 mm, half ropes 7.1 to 9.2 mm and twin ropes 6.9 to 9.2 mm. Featuring V-shaped friction channels and asymmetrical side grooves which adapt rope friction for better control.

**Weight:** 55g

**RECOMMENDED RETAIL PRICE $50**

**Black Diamond ATC**

Lightweight durable belaying and rappelling performance. This classic design features a large surface area that dissipates heat when lowering or rappelling. Handles ropes from 7.7 to 11 mm

**Weight:** 60g

**RECOMMENDED RETAIL PRICE $40**
**Black Diamond Super 8**

The classic figure-8 device for smooth rappels and belays. Works well with double 8.1 mm ropes up to 11 mm single lines.

**Weight:** 87g  
**Strength:** 15kN  

http://www.blackdiamondequipment.com/en/climbing-belay-rappel-BD620072_cfg.html#start=15

---

**RECOMMENDED RETAIL PRICE $40**

**Petzl Huit**

Square shape to reduce kinking the ropes and formation of a lark’s head knot. Compact and lightweight.  
Is for use on 8–13 mm diameter ropes.  

**Weight:** 100g  

---

**RECOMMENDED RETAIL PRICE $33.50**

**Black Diamond Index Ascender**

**Key Features:**  
- Trigger-finger release for fast operation  
- Ergonomic dual-density grip  
- Lightened frame  
- Aggressive teeth for extra grip on icy ropes  
- Large carabiner clip hole

**Available Options:** Left and Right-handed  
**Weight:** 200g  

---

**RECOMMENDED RETAIL PRICE $180**

**Petzl Ascension**

**Key Features:**  
- The ergonomically shaped handle is over moulded with dual density grip for greater friction and better grip.  
- The cam has been redesigned to minimize friction when sliding the ascender up the rope, while the angled teeth provide secure grip in the worst conditions.

**Available Options:** Left and Right-handed  
**Weight:** 165g  

---

**RECOMMENDED RETAIL PRICE $135**
Edelrid 8mm Dynema Slings
Titan runner slings are the highest strength rated slings on the market. Sewn with Spectra custom thread for superior strength and performance.
Available Lengths: 60cm, 120cm, 240cm
Rated: 22kN
https://www.edelrid.de/en/sports/slings/dyneema-sling-8-mm.html

RECOMMENDED RETAIL PRICE $30

Black Diamond 10mm Dynex Runners
An essential part of any alpine climber’s rack, Black Diamond Dynex Runners are indispensable for building anchors, slinging natural features or extending placements to reduce rope drag. This highly abrasion-resistant, lightweight material won’t weigh you down and absorbs less water than nylon, making it perfect for big routes and snowy or icy terrain. Each size is also color-coded for quick and easy identification on your harness.
Available Lengths: 30cm, 60cm, 120cm, 240cm
Rated: 22kN

RECOMMENDED RETAIL PRICE $15, $22, $36 & $65

Beal 6mm Dyneema Slings
The best sewn slings for mountaineering and long routes where weight counts the most. These 6mm slings are ultra-lightweight and abrasion resistant.
Available Lengths: 20cm, 60cm, 120cm
Rated: 22kN
https://www.bivouac.co.nz/beal-dyneema-sling-6mm.html

RECOMMENDED RETAIL PRICE $14, $20 & $34
